

PDF Demo

ALL PDF – Sample PDF Document

Document Version: 1.0

Purpose: Functional Preview & Feature Testing

Welcome to all PDF

This sample document is provided to help you explore and test the features of this application before granting full access to your device's storage. You can use this file to safely test standard PDF operations such as viewing, zooming, text selection, and annotation.

1. Document Viewing & Navigation

To test the reading experience, try the following actions in the app viewer:

- **Zooming:** Pinch to zoom in and out to check rendering clarity.
 - **Scrolling:** Swipe vertically or horizontally to test page transitions.
 - **Search:** Use the search bar to find specific terms within this document (e.g., search for the word "*Security*").
-

2. Annotation & Markup Practice

You can use the built-in annotation tools to interact with this section:

- **Highlighting:** Select this sentence to apply a yellow highlight.
 - **Underlining:** Try underlining this line of text to test the markup tool.
 - **Strikethrough:** Strike through this phrase to test editing markups.
 - **Comments/Sticky Notes:** Tap and hold anywhere on this page to insert a comment or sticky note.
-

3. Sample Data Table

Below is a standard table to test table rendering, zooming, and text selection within structured grids:

Feature ID	Feature Name	Description	Status
FT-101	PDF Rendering	Visualizes standard PDF elements and fonts.	Supported
FT-102	Annotations	Supports highlights, underlines, and notes.	Supported
FT-103	Form Filling	Allows basic interaction with form fields.	Supported

Privacy & Data Security Notice

Your privacy is important to us.

- **Local Processing:** This sample document runs entirely offline and is stored within the app’s private directory.
- **No File Access Required:** This preview mode in all PDF does not access your device's photo library, local storage, or personal files.
- **Permission Requests:** The app will only request storage permissions if you choose to import, edit, or save your own external PDF documents.
